EVERYTHING YOU NEED TO KNOW ABOUT

Cape Town

A coming-together of cultures, cuisines and landscapes, there's nowhere quite like Cape Town, a singularly beautiful city crowned by the magnificent Table Mountain National Park.

Human creativity is also self-evident here. From the brightly painted facades of the Bo-Kaap and the bathing chalets of Muizenberg to the Afro-chic decor of its restaurants and bars and the striking street art and innovation incubators of the East City and Woodstock, this is one great-looking metropolis. The informal settlements of the Cape Flats are a sobering counterpoint, but these townships also have enterprising projects that put food from organic market gardens on tables, or stock gift shops with attractive souvenirs.

Christian, Muslim, Jewish, Hindu and traditional African beliefs coexist peacefully in this proudly multicultural city. It’s a city of determined pioneers – from the Afrikaner descendants of the original Dutch colonists and the majority coloured community to the descendants of European Jewish immigrants and more recent Xhosa (isiXhosa) migrants from the Eastern Cape. They all bring unique flavours to Cape Town’s rich melting pot.
LANGUAGE:
South Africa claims a whopping eleven official languages but the most common you’ll hear in and around Cape Town is English—the lingo of business and media—followed by Afrikaans and Xhosa on the streets.

WEATHER:
Cape Town is never out of season, with a particularly good, long summer from November to March. These are the most popular months for visitors, who come to enjoy the 11 or more hours of sunshine every day. The average summer temperature in Cape Town is 24.3 degrees Centigrade, with January and February temperatures averaging 26 degrees Centigrade. February is the driest month of the year, with 15 mm (0.6 inches) of rain.

MONEY AND SAFETY:
Currency & ATM: The local currency in South Africa is the Rand, and Foreign Exchange is available around the city. It goes without saying that when using the ATM, don’t ask strangers for help and don’t flash cash around.

Try to avoid using mobile phones and tablets in the streets. Rather step into a restaurant or a shop to do so. Be aware of suspicious people and avoid walking alone at night, especially if you do not know your way around the city.

NIGHTLIFE:
When the sun sets on Cape Town, the city comes to life. There are a number of restaurants, bars and clubs to try.

GETTING AROUND:
Firstly, we drive on the left hand side of the road and work in kilometres when it comes to speed and distance! With that out of the way, there are a number of ways for you to get around our beautiful city:

Uber: A popular and easy way to travel around the city, Uber is easily accessible. Download the app and off you go!

Cab or taxi: There are a large number of metered taxis. The average rate if R10/kilometre.

Car hire: All the major companies operate out of the airport and have city depots.

On foot, bus or bicycle: There are a growing number of tours available by run, bicycle, bus or foot in the city. The City Sightseeing bus is a great way to see the city at your own pace as you jump on and off at your leisure. The MyCiTi bus is another quick and easy way to get around the city and surrounds. You will need to purchase a pre-paid myconnect card to use it though.

Train: Trains run basic commuter routes into the city and also stretch out along the scenic Southern line, which stretches as far as Simon’s Town. It is an affordable option to travel around the city.
KEEPING IN TOUCH:
Mobile: Locals call it a cell phone and you can hire one for your time with us. If you have your own, buy a local sim card. You will need identification to do this.

Internet access: Internet cafes are relatively inexpensive, while a lot of coffee shops and accommodation offer wireless services. There are also a number of free wireless hotspots around the city. You can but data at any cellular shop. Save yourself some cash by asking if there is free Wi-Fi available!

SUN, SEA AND SAND:
It gets hot in Cape Town, so make sure you plan accordingly when you hit the beach. Lots of water and plenty of sunscreen!
When swimming in the sea, make sure you use safe beaches where lifeguards are on duty.

There are shark spotters deployed at several of Cape Town’s beaches along the False Bay coast line and use a flag and alarm system to warn beach users of a shark’s whereabouts.

THE MOUNTAIN:
Table Mountain is undoubtedly one of the city’s biggest attractions, but you need to be cautious when visiting. Follow the safety precautions below to ensure you don’t run into problems.
Steer clear during bad weather. The rocks on the mountain get very slippery in wet weather.

Do not hike alone – the ideal party size is four; travel at the pace of the slowest member. Always inform someone of your intended route and your expected time of return.

The use of a qualified mountain guide is highly recommended. Make sure to take an up to date map, comfortable walking shoes, a few friends, a cellular phone, water, food, sun block, and something warm.

On Table Mountain National Park, Skeleton Gorge & Nursery Ravine is a dangerous and slippery route when it rains.

When hiking Table Mountain, key 021 480 7700 into your cellular telephone before you begin your hike so that an emergency number is always on hand.

Keep to well used paths and do not descend unknown ravines or cliffs.

Chacma Baboons can be dangerous – do not approach them or feed them.

Please be mindful that Cape Town’s festive season coincides with the Cape’s long, dry summer season i.e. please make sure that cigarette butts and/ or fires are put out properly before leaving the area, and please exercise caution when taking an action that could result in the ignition of a fire.
